ROYAL NUPTIALS

Of Prince George of Wales and Princess May of Teck.

A BRILLIANT MARRIAGE CEREMONY

In the Presence of the Crowned Heads of Europe or Their Representatives and Amid Universal Rejoicing Among the People.

LONDON, July 7.—The marriage of the duke of York (Prince George of Wales) and Princess Victoria Mary of Teck, an event to which all England had been looking forward with deep interest, took place at 12:30 p. m. yesterday at the chapel royal St James palace. The wedding was a brilliant affair and was attended by a large gathering of the members of the British royal family, continental sovereigns or their representatives, and many members of the highest nobility.

The Duke of York

Prince Eddy

The cheering as the royal carriage drove forward was immense. The members of the royal family and guests on alighting at St. James palace walked to the state apartments, and subsequently down the grand staircase and under the color court colonnade to the seats reserved for them in the chapel.

At 12 o'clock the duke of York and his escort arrived at the Chapel Royal. Five minutes later deafening cheers announced the arrival of Princess May.

The members of the diplomatic body, including the members of United States embassy and the other invited guests, occupied especial seats in the body of the chapel and in the north and east galleries. Drawing-room dresses were worn by the ladies, the gentlemen appearing in full levee dress.

The archbishop of Canterbury, assisted by the other clergy, performed the ceremony, the bride being given away by her father. The magnificent gilt sacramental plate, and central altar cloth which is said to have been manufactured in the reign of Charles I and is valued at $50,000, was displayed upon the altar, which was filled with the choicest flowers.

The service began with the marriage chorale, "Father of Life," specially composed by Dr Oxer for the occasion and sung by the "gentlemen and children of the chapel royal," with the members of the choir styled

At the conclusion of service Barnaby's "O Perfect Love," a choral song at the marriage of the duke and duchess of Fife in Buckingham palace chapel was sung. The service concluded with the hymn, "Now Thank We all Our God." Mendelssohn's "Wedding March" was played as the royal party left the chapel the united processions of the bride and bridegroom leading to the throne room where the register of the marriage was signed by the members of the royal family and royal guests.

The engineer who was at Buckingham palace the cannon proposing the toast of "The Bride and Bridegroom," and the band struck up the toast of "The Queen." After giving congratulations to the duke and duchess of York left Buckingham palace, driving through the streets of the city and thence proceeding by the Great Eastern railway from Liverpool street to Sandringham.

Among those signed the registry of the marriage in the chapel royal were Prime Minister Gladstone, Lord Herschell lord high chancellor, the earl of Rosebery secretary of state for foreign affairs, the earl of Kimberley, lord president of the council, and the duke of Norfolk, the duke, and signed the ... the hereditary earl marshal ...

Their coming. The duke gallantly handed his bride into the carriage, and then himself entering, they started for the railway station along the route selected, which was literally black with humanity. The carriage was escorted by squadrons from the life guards and lancers. As the carriage drove off the queen and all the royal party stood upon the balcony over the ground entrance and waved good-by to the bridal couple.

The Duchess of York had thrown aside her wedding dress and had donned her going away gown, which was of Irish poplin embroidered with gold lace. She carried a small white poplin mantle, embroidery matching the gown, and a small over cape. The bonnet was of gold work surmounted by a small cluster of cream-colored plumes.

Along the four miles of route from the palace to the Liverpool-street station the royal couple received an unbroken ovation. Such masses of people were never before seen in London. The superb weather brought out nearly everybody in the metropolis who could possibly leave their homes or business, while trains from all parts of the country brought thousands of people who were swallowed up in the multitude thronging the streets and every point of vantage to see the royal personages.

The main part of the route was guarded by troops, mounted policemen riding in advance of the royal procession and clearing the way for them. The carriage was driven along slowly, which enabled the populace to get a view of the duke and duchess. They both kept up an untiring acknowledgment of the salutations extended to them. The procession was literally a triumph and such prodigious and spontaneous enthusiasm has seldom been seen before.

On the way back to Buckingham palace from the chapel, the royal procession was led by the queen's carriage. Following the queen came the carriage of the bride and bridegroom. An immense crowd was assembled in the Buckingham palace. Shortly after the royal party entered the palace the queen, the Duke of York, and his bride and the Duke and Duchess of Teck appeared upon the balcony. They were heartily cheered and the crowd were wild with enthusiasm.

THE ENDEAVORERS

Heartily Welcomed to the Catholic City of Montreal.

MONTREAL, Can., July 7.—The Christian Endeavor convention got down to business yesterday morning. At 10 o'clock they were welcomed to the city by representatives of Montreal religious life. It was not until that hour, when the first meeting was held in the Drill hall, that Montreal had an opportunity of fully appreciating the great multitude that had entered the city's gates within the previous twenty-four hours. The Drill hall is a vast structure, and was filled to overflowing with delegates to the twelfth annual convention. On the platform were representative clergymen of all the leading cities of the continent.

For a quarter of an hour the vast multitude sang gospel hymns with dash and spirit, and then Rev. Dr. Clark, the father of the movement, arose and led the audience in repeating the Twenty-third psalm, after which Rev. F. B. Keene, of the Protestant mission, Japan, offered prayer.

Then Rev. J. A. MacGillivray welcomed the convention on behalf of the pastors of Montreal. His address was short and was very well received. Next came Senator Des Jardins, the mayor of Montreal. He got a royal welcome from the convention and when, after prefacing his remarks by a few words of welcome, he said "While I am a Roman Catholic myself, and while Montreal is a Roman Catholic city in that the greater portion of her citizens profess that faith, none will extend a heartier welcome than we will," the great crowd cheered the speaker almost into astonishment. "It is not a battle of creeds nowadays" continued the speaker, but a battle between belief and unbelief, and there was another outburst of applause.

Secretary Budge of the Montreal Y. M. C. A. welcomed the delegates on behalf of the young men of the city.

The third address of welcome came from Mr. A. A. Ayer, of the general reception committee.

The afternoon meeting was devoted to the Junior society. An address on the origin and growth of the Junior Christian Endeavor society was delivered by Rev. J. W. Cowan, of Tabor, Ia. The roll of state junior superintendents was called, and an address by Rev. Wayland Hoyt, of Minneapolis, on "The Possibilities of the Junior Societies" was listened to.

A free parliament on "Junior Methods," conducted by Rev. H. N. Kinney, of Winstead, Conn., was an interesting feature. The meeting closed with an address by Mrs. Francis E. Clark, of Auburndale, Mass., on "Junior Christian Endeavor in Foreign Lands."

The Cadets Will Attend the Fair.

WASHINGTON, July 7.—The West Point cadets are going to the World's fair. The legal objections that were advanced have been overcome, and yesterday Acting Secretary Grant sent the necessary instructions to Col. Ernest, superintendent of the Military academy. The cadets will leave West Point on August 17, and remain at Chicago ten days. The expense of transporting the cadets to and from Chicago will amount to $17,000, and will be taken from the general appropriation for army transportation.

Two Victories Over Arab Slave Traders.

BRUSSELS, July 7.—Advices received here from the Congo Free State report two victories over the Arab slave traders. The Arabs recently attacked the forces of the state stationed at Stanley Falls, but were repulsed with heavy loss.

M. Beernaert, the prime minister, read the news of the Belgian victories in the chamber of deputies yesterday, and it was received with great enthusiasm.

TELEGRAPHIC NOTES.

—A cyclone struck Lakefield, Minn., about 9:30 Wednesday night doing considerable damage to buildings.

—The American savings bank at Omaha, Neb., has suspended with deposits of $153,000 and assets of $250,000.

—The Furnace ... Iron Co.'s works at Sandyville, O., were burned Wednesday morning. Loss $15,000; insured.

—Four men and two women lost their lives in a fire in the floating Bethel, a home for rivermen anchored at St. Paul, Minn., Wednesday night.

—The Princess of Wales' gift to the bride of her son, the Princess May of Teck, consisting mostly of jewelry and precious stones, was valued at $250,000.

—Judging by the attendance the Musical congress at the World's fair this week ranks second in popularity only to the first congress held, that of Woman's Progress.

—Vice President Stevenson and his opposing candidate for his high office, Whitelaw Reid, were both at the World's fair yesterday, the presence of each however being unknown to the other.

—President Cleveland reached Gray Gables at 9:30 Wednesday night, a few minutes before the beginning of the most violent thunder, hail and wind storm that had swept over Buzzard's Bay for years.

—A fire entailing a heavy loss occurred in Altona, a suburb of Hamburg, yesterday. The buildings destroyed were Stucken & Anderson's office, warehouse and workmen's granary. The loss is placed at 500,000 marks.

—Hundreds of Texas cattle which have been driven into Oklahoma from the Cherokee strip by the soldiers are dying of the Spanish fever, and farmers along the line are greatly alarmed over the prospects of their domestic cattle becoming infected.

—The secretary of the treasury and Mrs. Carlisle, their youngest son, Miss Berry, of Kentucky, and Col. O. O. Stealey were on the World's fair grounds early yesterday in charge of the secretary's son, W. K. Carlisle, who is attorney for the exposition.

—The marriage of the duke of York (Prince George of Wales) and Princess Victoria Mary of Teck, an event to which all England had been looking forward with deep interest, took place at 12:30 p. m. yesterday in the chapel royal, St. James palace, London.

—During a storm Wednesday night at Kingston, N. Y., Vanderbeck Bros.' powder magazine at Devil's lake was struck by lightning and completely demolished. Fifty-five kegs of powder in the magazine exploded, destroying several buildings and severely injuring nine persons.

—Comptroller Eckels states that the information given out in his office Wednesday that he had directed Bank Examiner Wilson to take charge of the First national bank of Albuquerque, N. M., was a mistake. The name of the bank was the Albuquerque (N. M.) national bank.

—The British battle ship Camperdown was placed on dock at Valetta yesterday to undergo repairs. When she came out of the water it was seen that her stem had been broken off just under the torpedo tube, about nine feet down. Her ram was bent over to starboard, her port side and six of her plates three on each side, were damaged.

The Nicaraguan Minister Recalled.

WASHINGTON, July 7.—Dr. Guzman, the Nicaraguan minister, yesterday called upon Secretary Gresham and presented his letters of recall. He has communicated to the department the fact that the Nicaraguan government has abolished its relations here and in Europe—in fact, in all save a few countries in South and Central America. This action is understood to be based on economical considerations. As a matter of international comity the diplomatic representation of one country with another is expected to be reciprocal. American interests in the canal are so important, however, that Mr. Lewis Baker, of Minnesota, the present minister to Nicaragua, will probably be requested to remained.

The Anniversary of the Battle With the Pinkertons.

PITTSBURGH, Pa., July 7.—Yesterday was the anniversary of the battle with the Pinkerton men. At night there was a rumor that an attempt would be made to burn the Carnegie mill and that regiments in Pittsburgh were under arms. The mill was in full operation yesterday, the workers being largely made up from Homestead strikers. A demonstration had been talked of, but the Carnegie management gave notice that every man not working yesterday would be discharged, and this curbed the turbulent spirits, for all Homestead, save merchants, works at the mill.

Foreign Commissioners Exempt from Arrest.

DIRECTOR-GENERAL DAVIS' ORDER,

Intended to Placate Indignant Foreigners—The Royal Nuptials Celebrated by Loyal Englishmen at the Columbian Exposition.

WORLD'S FAIR GROUNDS, CHICAGO, July 7.—Director-General Davis yesterday issued the following special order relative to the treatment of foreign commissioners, which will result in an amicable adjustment of the Paraguay case and put a stop effectually to further complications and protests from the foreign representatives:

To the Director of Works the Chief of Departments and Commandant of the Columbian Guards.

GENTLEMEN—You will instruct your subordinates that the foreign commissioners to the World's Columbian exposition must at all times be treated with special respect and consideration.

Foreign commissioners are to be admitted to the grounds and to the buildings in which they have exhibits at all times upon presentation of their badges and passes and within the sections assigned to those governments their authority must be recognized by all officers and employes so far as may be consistent with the published rules of the exposition. Foreign commissioners are exempt from arrest, and any question concerning their rights and privileges under the rules and regulations should be reported to this office, and no further action taken without special instructions.

[Signed] GEORGE R. DAVIS, Director General.

A copy of the order with a note of regret was sent to Commissioner Hasler, of Paraguay, and Royal Commissioner Loffler, honorary of the foreign commissioners' order. The Paraguay exhibits will be opened to public view today.

With the royal standard flying over the main entrance to Victoria house, streamers of Union Jacks strung at the four corners of the typical building, with the naval pennant of England interspersed in honor of the royal bridegroom's association with his grandmother's navy; with decidedly English music from an English military band, and finally with ruby punch of a most decided English effect, the royal subjects of her majesty, who are identified with the British and colonial exhibits at the fair, celebrated the marriage of the Duke of York and Princess Mary of Teck, which took place at 5 o'clock in the morning, Chicago time.

The festivities were informal and lasted from 4 to 6 o'clock. Those invited were the colonial commissioners and exhibitors and Englishmen, Irishmen and Scotchmen attached to the British sections, about 100 in all. Toasts to the health, happiness and long life of the royal bride and bridegroom were heartily drank, Sir Henry T. Wood, secretary of the committee, leading, while the Tournament band played English airs. One of the wedding presents for Princess May stood near the great fireplace in the parlor. It was an Irish spinning wheel, made by James McCreery, of Belfast, and presented by him to her serene highness. It was made to be presented to the princess on the occasion of her marriage to the late Duke of Clarence and Avondale, and when the fair is over Mr. McCreery, who has been making spinning-wheels all his life, will go to Sandringham house and personally present the wheel to the Duke of York's bride. It forms part of the Victoria house exhibit.

Lectured Into Penitence and Good Resolves.

WORLD'S FAIR GROUNDS, CHICAGO, July 7.—Those national commissioners who were punctual in their attendance yesterday were again compelled to wait for the tardy members who come and go when they please. After a half-hour's wait a quorum was secured and President Palmer proceeded to lecture his recalcitrant colleagues without being too particular about treading on their toes. The president declared that the indifference of the commission to its duty was justly deserving of the contemptuous treatment of the body by every paper in the country. He added that if the censure was not strong enough he would strengthen it. The commissioners involved in the censure winced a bit, and becoming penitent the commission stood up to renew its pledge to be in their seats at 12 o'clock every day. To clinch the matter fifty-five commissioners, just a quorum, voted to stay in Chicago until adjournment so as to preserve a quorum.

A Russian Exhibit Seized

WORLD'S FAIR GROUNDS, CHICAGO, July 7.—Following the arrest of Ivan S. Levitte, of the Russian Silversmith Co., in the Russian section, which took place Wednesday, special officers seized the exhibit. It has been placed in the care of a special detail of inspectors pending the decision of the case by the courts. The seizure is the result of a violation by the firm of the treasury laws in selling exhibits under bonds. The prosecution will continue until the exhibitors learn that the law must be obeyed.

Another World's Fair Exhibitor in Trouble.

CHICAGO, July 6.—Giovanni Boncinelli, an exhibitor at the World's fair, was held to the federal grand jury this afternoon by United States Commissioner Hoyne in bonds of $1,000. He was arrested this morning in the Italian section of the Manufactures building charged with selling goods in bond.

Paid Admissions to the World's Fair.

DAILY REPUBLICAN.

R. K. HAMSHER. | W. F. CALHOUN.
HAMSHER & CALHOUN, Prop'rs
DECATUR, ILLINOIS.

Entered at the Post Office at Decatur, Illinois as second class mail matter.

FRIDAY EVE., JULY 7, 1893.

It is reported that Julia Marlowe and her leading man, Robert Tabor, have been married.

If it were not for an attack of rheumatism Grover Cleveland would be fishing. Under the circumstances he can neither fish nor cut bait.

Kansas is about as near without a governor as Illinois. Their governor is trying to run a miners strike in the interest of the Populist party.

The free silver coinage men are talking about making a fight for the speakership. The time is too short to complete arrangements to make anything but a losing fight against his organization and the taking-it-for-granted that Crisp will be elected.

The insurance man is getting in his work on this administration and, strange as it may seem, some are securing appointments on the grounds of modesty—at least such is the report as to R. J. Smith, just appointed postmaster for Chicago. It is said he won the place by not boring the president with his claims.

An anarchist meeting called for tonight, at the Windsor Theater, New York, to celebrate Gov. Altgeld's pardon of the Chicago anarchists, has been forbidden by Superintendent of Police Byrnes. If Altgeld was right in pardoning these men, the action of New York in suppressing a demonstration in glorification of anarchy and Altgeld, is an insult to our magnificent chief magistrate.

The *Review* wants argument. Well, if it cannot get what it wants, why don't it take its own advice and produce some argument in support of its erstwhile statement that the Harrison administration and Claus Sprekels were working together in the interest of the annexation of Hawaii. In the light of the fact that Blount, Cleveland and Spreckels are in harmony in their effort to defeat annexation, argument would be in order.

Those Democratic statesmen who are saying that the present derangement of business is due to Republican legislation should be frequently reminded that under the same laws when Republicans had control of the government the people were prosperous and everything ran smooth, until the country awoke to the fact that a Democratic administration had been elected. They should also be reminded that until they have enacted different laws and restored confidence, and put the idle laborers to work, nobody cares to hear their "big talk." Democracy's business is to saw wood and begin it at once.

There is just about as much honesty of purpose in Altgeld's attempt to excuse the pardon of the Anarchist by an attack on the courts that tried them as there was in his attack on the management of the state penitentiaries which were self-supporting and then turning around after his election and approving bills aggregating nearly half a million dollars to buy machinery to keep the convicts at work in competition with free labor which he condemned during the campaign so lustily. The facts are he is one of the most dangerous mountebanks that has ever been forced upon the people by any set of party leaders.

Who was it that promised to raise the wages of workingmen and increase the demand for labor if the Democrats came into power? A great many people want to find him but he is not as omnipresent as he was last fall. In the meantime men are losing their employment while others are submitting to a reduction of wages. The finishers in the Amalgamated Association, who refused last year to continue to work at the previous year's wages, have submitted to a reduction of wages of from 10 to 20 per cent, and the carpenters union of Chicago, has agreed to a reduction of from 10 to 35 cents per hour, because there are so many idle carpenters. And so it is all over the country. This is precisely what we predicted before the election. There has never been a Democratic victory in this country that did not prove disastrous to workingmen, and this one is no exception.

The Decatur *Review* has several times challenged the Republican to produce some argument to show in what respect John P. Altgeld did wrong in pardoning the anarchists. The Republican is not called upon to produce argument to prove wrong that which everybody accepts as a contemptible exercise of power. Aside from this, the fact that Herr Most and the other ranting anarchists of this country and Europe applaud that feature of the pardon which assails the courts, the jury and the officers of the law, and makes martyrs of the anarchists who were executed, renders it unnecessary to offer proof to show Altgeld's perfidy; and, in addition to this, any governor who has taken an oath to uphold the constitution of the state and enforce the law, as John P. Altgeld has done, and then in turning loose upon the community a trio of law-defiers and law haters assaults the courts, a co-ordinate branch of the government, with a view of stimulating the minds of a lot of beetle-headed unAmerican anarchists to more intense hatred for the law and the courts, cannot be defended from any but an anarchistic point of view. John P. Altgeld has disgraced the people who elected him, excepting the anarchistic and socialistic vote which he commanded, and has disgraced the state of Illinois by the attack he made upon the courts set up by the people themselves, and is entitled to no defense.

Grand Jury Echoes.

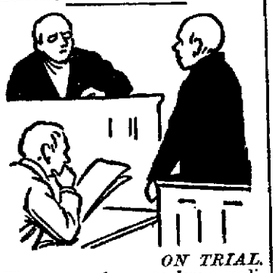
This morning the *Review* undertakes to give what it terms "inside facts" in reference to the late grand jury which considered the Sam Bush negro lynching case and adjourned without indicting anybody. It is asserted that at the beginning the jury had planned to indict everybody who were in or about the jail—about 1,500 persons, including the officers and guards. The facts are that at no time did the jury contemplate indicting such a large number of people. They did make out a list of 43 persons to indict, and that list has been seen by the [illegible] None of the officers or guards [illegible] having the indictments drawn up the jury reconsidered their action and finally concluded not to indict anybody.

The Tardy Extra Session.

The following from the Toronto (Can.) *Mail*, which must be regarded as an unbiased opinion, is a pretty clear and logical conclusion touching the president's tardiness in calling an extra session in face of the great demand for the same:

President Cleveland has at last headed the cry for relief, but not till it was swollen by the voice of every substantial interest in his country. Even now he offers but a crumb of comfort, for, instead of summoning congress immediately, he waits till the seventh of August. The promise of alleviation five or six weeks hence is better than hope deferred another month, and this is all the difference there is in congress meeting the first week in August and congress meeting the first week in September, as the president originally intended should be done. The certainty that congress would meet in extra session early in September failed to stay the steady decline in confidence, contraction of credit, and depreciation in securities and in all other descriptions of property. Since an extra session was resolved upon, millions have been lost through bank suspensions, and through the lack of bank accommodation to manufacturers, importers, and the holders of the country's staple crops; Chicago, the Northwest, and the Pacific coast have been on the verge of panic, and the wave of depression has receded on New York with almost as much force as in April last; the financial and commercial interests of the whole country have been plunged into a very slough of despond. The certainty that Congress will meet on the seventh of August will have little more power to arrest vanishing values and ruinous distrust. The situation has become altogether too grave to be lulled to rest by a future contingent prospect. What is wanted is the repeal of the Sherman Act, and the nervous state of the country makes it the urgent duty of the President to bring Congress together at once for the extinction of that ill-starred measure. But it looks as if President Cleveland wants to see the country overwhelmed by the consequences of its financial folly before he will be convinced that its penitence can be relied on for a safe vote in favor of repeal. * * *

It is possible, however, that President Cleveland has let slip the opportunity of his life to win a place among the saviours of his country. He has let its most momentous interests struggle for life without holding out a hand to help them. When congress meets in August natural agencies—exportation, favorable foreign balances, returning gold—will have begun to ameliorate the situation, so that the repeal of the Sherman act will not be thankfully received.



ON TRIAL.

That's a good way to *buy* a medicine, but it's a pretty hard condition under which to *sell* it. Perhaps you've noticed that the ordinary hit or miss medicine doesn't attempt it.

The only medicine of its kind so remarkable in its effects that it can be sold on this plan is Dr. Pierce's Golden Medical Discovery. As a blood-cleanser, strength-restorer, and flesh-builder, there's nothing like it known to medical science. In every disease where the fault is in the liver or the blood, as Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, and Scrofulous affections, it is *guaranteed* in every case to benefit or cure, or you have your money back.

To every sufferer from Catarrh, no matter how bad the case or of how long standing, the proprietors of Dr. Sage's Catarrh Remedy say this: "If we can't cure it, perfectly and permanently, we'll pay you $500 in cash." Sold by all druggists.

Bad Break of an Arcola Young Man at a Dwelling House.

H. C. Stein, a young man from Arcola, called at the home of W. N. Andrews, the printer, on North Main street yesterday, and entering the dwelling surprised Mrs. Andrews by asking her if she had finished her housework yet, and when the lady asked what he wanted, he took a chair and quietly remarked, "Oh; nothing just now." Mr. Andrews happened to be at home. He emerged from an adjoining room, and when Stein saw him the fellow got out of the house in a hurry, running north with Andrews close at his heels. Stein picked up a brick with which to assault the sprinting printer, and then Andrews grappled with him but he got away. A lot of boys and Charlie Peters joined in the chase and soon Stein was captured. He made no resistance. Andrews brought him to the city and he was put in jail by Capt. Baylor. No one knows yet what Stein intended to do at the Andrews place. To-day Stein appeared before Judge Nelson in the county court and on the information which was filed yesterday, he pleaded guilty to disorderly conduct. The fine was $25 and costs. He will get out of jail when he arranges for the payment of the money.

THE WAR IS ON.

Slaughter House Ordinance to be Enforced by the City

After many weeks of delay, mainly because no one swore out a warrant, the war against the existence of slaughter houses within the city limits, has been declared, and the question is to be settled in the courts. The ordinance provides that there shall be no slaughter house nearer than a mile beyond the city limits. The ordinance was passed some months ago. The legislation was brought about as a result of agitation kept up by parties living near the present slaughter houses, who insist with more or less emphasis that the smells are unbearable. Yesterday H. H. Wise swore out a warrant for the arrest of J. G. Danzissen & Son and Fullenwider & Hall, charged with violating the city ordinance by conducting slaughter houses within the city limits. Officer Williamson made the arrests. The parties will appear before Justice Hammer next Tuesday at 8 a. m.

The slaughter house owners will make a vigorous fight to avoid moving out. They claim that their houses are kept clean, and that as a matter of fact the slaughter houses are among the healthiest places in the city.

White Bonanza Oats.

Supervisor Nowlin, of Austin township, brought to town this morning a sample of twenty acres of White Bonanza oats now growing on his farm. The stalks he brought in will average about 3½ to 4 feet in height and are large and strong. The heads are long and full, with every indication that the berry will be large and plump. Quite a number of farmers sent for this oats, about three years ago, and since that have been developing the seed. If the crop on Mr. Nowlin's farm is a fair sample of what this oats will do, it will certainly become popular with our farmers.

Low Rate of Mortality.

There is no better place to determine the comparative rate of mortality, in Illinois, Missouri, Arkansas, Tennessee and Kentucky, than at the Decatur Coffin factory. There is scarcely a year that within this territory there does not exist, in some one or more localities, epidemics of some kind or other to increase the coffin trade. This year, however, so a gentlemen connected with the concern reported last night, there is nothing of the kind anywhere within the limits of their field and consequently the trade is lighter than usual.

"The American Soldier" is the name of a new monthly publication from the press of the Nation Publishing Company, *Mail and Express* building, New York. It is bound in an artistic lithographed cover, upon which is a Continental Soldier, 1776, and a Union Soldier, 1865, clasping hands, surrounded by the pictures of the heroes of America's four great wars, Washington, 1776; Andrew Jackson, 1812; Scott, 1846, and Grant, 1865. The significant sentence on the cover is, "Pensions are not Alms." The publication sells at $1 a year or 10 cents a copy.

Hurt in a Runaway.

Miss Carrie Smith, of 554 West Main street, daughter of W. M. Smith, was seriously injured in a runaway at Mcwenqua last evening. She was in a buggy with Mrs. Tillie Stine, when the horse took fright. Both ladies were thrown out of the rig. Miss Smith was carried into the house of A. Gilliland and Mrs. Stine was given attention at the residence of W. C. Miller. Mrs. Stine is reported to have received possibly fatal injuries.

LAST evening Mrs. Charles B. Moore and two children arrived in the city from Annapolis, Maryland, where they have been residing for several years. They will make their home in Decatur with the parents of Mrs. M., Dr. and Mrs. H. C. Johns. Lieut. Moore has been ordered to go to sea on the U. S. flagship, Newark, and will go to the eastern coast of South Africa. He will be gone nearly three years, and may then be assigned to land duty again.

FRANK BICKES, who has the contract for the concrete work at Cheap Charley's store, is now putting down the wide walk on the Lincoln Square and East Main street sides of the building. The cost will run up into several hundred dollars.

Camp Meeting.

At Oakland Park, the first service was held last night and a good interest was manifested. Bishop Coleman will preach to-night. Services will begin at 8 p. m. All are invited.

FOUND DEAD IN BED.

An Old Citizen Called to Eternal Rest Last Night.

Bloomington Leader, July 6.

Danforth K. Lathrop was found dead in bed this morning at the residence of his son, Mr. George Lathrop, 615 West Olay street. Mr. Lathrop had been suffering for several years with paralysis and the last few days was slightly worse but nothing serious was expected. He retired as usual last night as did the family, but when George, the son, rose this morning he went into the room and to his horror found his father dead.

He immediately summoned the family, and in a short time the coroner was sent for. He summoned a jury, and after hearing all the evidence in the case brought in a verdict in accordance with it.

Deceased was born in Vermont, and at the time of his death was 65 years old. About thirty-nine years ago he came to Illinois with his wife, and they settled at Barr Oak Grove. After remaining here for some time they moved to Bloomington. The wife and four sons are still living, including George, the well-known barber, with whom he was living at the time of his death; Walter, Frank and Harry, all of Decatur. He also leaves two brothers in Indiana and one sister in Michigan.

Deceased was a member of the Methodist church, joining at Stapp's Chpel in Decatur.

Funeral of Mrs. John Wickline.

Mrs. Mary Ann, wife of John Wickline, died Wednesday, July 5th, at the family residence near Warrensburg, aged 81 years, 1 month and 12 days. Mrs. Wickline was born in Juniata county, Pa., and came to Illinois with her husband in 1868. She was the mother of seven children, five of whom are living. She had been a faithful and consistent christian for many years, and though greatly afflicted for some time, bore her sufferings uncomplainingly. She was a member of the Church of God, and was one of the seven which comprised the first organization of the church at Warrensburg in 1874. The funeral was held at 1 o'clock yesterday at the house, conducted by Elder Berkstresser, assisted by Elders Smith and Ritchie, after which the remains were taken to Boiling Springs cemetery for burial.

Wedding.

Monticello *Republican:* Married, in the circuit clerk's office, by Rev. J. F. Goldfarth, July 5, Mr. Scott Crook, of Decatur, and Miss Ida Grason, of Cerro Gordo. Miss Ida is the only daughter of Capt. William Grason. As a matchmaker, Circuit Clerk Hughes stands high. The only charge he makes for his services is an invitation to the wedding and a chance to kiss the bride.

Politics and the Hog Market.

Champaign *Gazette:* Last week a Logan county farmer sold fifty head of hogs, averaging 348 pounds each, at $5.80 per hundred. A month ago he had been offered $7.40, but held on to them, awaiting the good times that had been promised under the Democratic administration. This misplaced confidence cost him $278.40, and good batch of disappointment besides.

They Will Have Leisure to Think.

Joliet *Republican:* And now all the workmen are discharged from the Joliet Steel Works, and that institution is now standing with closed doors, while its 2,500 employes of a year ago are all idle. What do the wage-earners of Joliet who voted for Cleveland and free trade for sake of a change think of the change which their votes have wrought?

Births.

To Mr. and Mrs. Thomas Cosgrove, of East Marietta street, Thursday, July 6—a daughter.

To Mr. and Mrs. Fred. Krause, at their home on North Railroad Avenue, Thursday, July 6—twin daughters.

To Constable and Mrs. W. W. Conard, Thursday, July 6, at their home one mile east of Decatur—a son.

Arrived Home.

Judge Race and daughter, Miss Ella, Mr. and Mrs. H. A. Wood, Ed Wood and family, V. H. Parke, Mr. and Mrs. T. C. Hardy and Miss Minnie Clark returned from the fair yesterday afternoon. J. M. Clokey, Charles A. Ewing and family, Misses Luetta and Lena Ullrich, Mrs. A. H. Baker and Miss Grace McMasters returned from the fair last night.

THE water at the Natatorium these hot days is in fine condition for bathing, and those who would cool off should go down and enjoy a swim. Many ladies are there in the morning and at the evening hours. Polite attendants are present and everything is kept neat and clean.

THE Miller Comedy company, which is a part of the Western Circuit attractions, has come to financial grief at Peoria. The company has been playing at Sylvan Park. Manager Simmons has gone to Cedar Rapids, Iowa, to raise money to pay bills contracted at Peoria.

TO-DAY at the Indianapolis races *Jack Shepherd* started in the 2:15 trot, and *Magnetta* in the 2:50 trot. Yesterday in the 2:35 pace *Effie Powers* took third money. The Brenneman Bros., who own the horses named, and Geo. A. Keller, are at Indianapolis.

Installed at Litchfield.

Mrs. Jennie Hawe, Grand Chief of the Pythian Sisters of Illinois, went to Litchfield yesterday, and in that city last night installed the officers in Lawrence Temple, Pythian Sisters, a lodge recently organized.

Going to Europe.

Prof. J. J. Wilkinson, who has been principal of the Decatur High School, has resigned his position at the Lincoln school at Springfield. He will go to Germany to further complete his education.

A NEW SYSTEM.

Telegraphy for Moving Trains May Prevent Accidents.

The railroad men are all talking of the latest invention which tends to the improvement of the railway service and the lessening of accidents. This is a system of telegraphy by which telegrams can be sent to moving trains at any point. It has been tested lately and found to be highly satisfactory. One railroad man in this city said yesterday that it would have the undoubted effect of reducing the number of accidents of the collision order. By its use an operator at a station can talk to an operator on board the train at any point on the road and warn the latter of impending danger. There have been several such inventions, one by an old Peoria county man, but none of them thus far seem to have been of much practical use. It is said that the latest one, however, can be used on any road and that the success is an assured fact. It is to be hoped that it will prove so, as accidents are all too frequent now

Convenient to the Fair.

The new electric street car line from Englewood to the World's Fair grounds has enabled the Wabash line to offer to their patrons the most convenient and cheapest method of reaching the fair. The line passes within one block of Midway Plaisance entrance and makes the run in ten minutes, it also runs direct to the Sixty-third street entrance and this run is made in fifteen minutes. The line belongs to the Chicago City railway and by their system of transfers a passenger can get within two or three blocks of any of the World's Fair hotels for the one 5-cent fare. As is well known, their down town depot, Dearborn station, is the most centrally located of any Chicago depot. North Clark street cars at the door, State street cable half a block away, and Wabash avenue and Cottage Grove line only one and a half blocks distant. It is also within easy walking distance of the principal hotels and business houses. The rates by the Wabash are the lowest. Their train service and equipment superb. Their time the fastest. Avoid tedious delays and transfers by purchasing your ticket via the Wabash line. All trains run through solid to Chicago. july 3-d-1w

A CARBONDALE man who has been hoarding up his money until he is now worth some $40,000, has decided to spend the remainder of his days scattering sunshine. He is 65 years old and has laid away $15,000 to keep him the remainder of his days—estimating $1,000 a year until he is 80 years old and proposes to each year now give away to needy and deserving poor until he has brought his wealth down to the stated notch. He says that up to this date but few have reason to be thankful that he has lived, but in the future his name shall not be associated only with miserly deeds. When he dies no distant relatives will fight over his cash—he himself is going to distribute where it will do good.

GIRARD CHOTEAU, the young man who escaped from the Illinois Asylum for Insane Criminals at Chester, was sent up from White county in 1891 for burglary. His sentence was for six years. It is believed by Supt. Benson that Chotean will go to his mother who resides near Blue Mound and the request to Sheriff Perl is that he be arrested and sent to Chester. There is no reward offered for the capture of Choteau, and no provision made to cover expenses.

IN old times it seemed to be thought that a medicine must be nauseating to be effective. Now, all this is changed. Ayer's Sarsaparilla, one of the most powerful alteratives, is agreeable to most palates, the flavor being by no means medicinal.

AT the Bloomington races yesterday Harry Starr's Decatur horse, *John A.* got third place in the second heat in the 2:50 trot for a purse of $1,000. The horse did very good work for his first day on the track. In the second heat the time was 2:24.

THE University of Illinois at Champaign is to have another fine building. The legislature appropriated $160,000 to erect and equip a college of engineering. The faculty have decided to expend $110,000 for the building. A prize of $500 is offered for the best design, $300 for second, $200 for third, and $100 for fourth. Only architects who are graduates of the university will be allowed to compete.

STILL IN SIGHT.

The Electric Railway Between St. Louis and Chicago.

Nothing has been heard for some time past of the Chicago-St. Louis Electric Railway. A call at the general offices in St. Louis yesterday by a *Globe-Democrat* reporter, however, developed the fact that the promoters are neither dead nor sleeping, but in spite of the financial stringency are quietly working ahead. They have not been able to carry out all the promises of their original prospectus and the line is not yet constructed so that the passenger revenue which the World's Fair season was expected to yield for the stockholders will be forthcoming. The officers of the company say that in addition to the letting of the construction contract to Messrs. Bognell & Garvey Bros., wherein they agree to take one-half their pay in bonds of the company at par, the General Electric Company has entered into an agreement to electrically equip the road after the plans and specifications of the company and will guarantee speed of one hundred miles an hour with multi-phase electric motors. Arrangements for placing the balance of the bonds were completed and the necessary papers ready for signature when the first positive signs of financial trouble appeared, which stopped all further negotiation for the present. The company has paid all its bills, however, and claims to have money enough in the treasury to continue the work in all departments at least a year.

It has been conceded that electricity will solve the problem of rapid transit for long distances between cities as well as for short, and the latter has been amply demonstrated here. The promoters of the Chicago-St. Louis electric line in their work of securing right of way, etc., found a strong demand for inter-urban accommodation, and the general plan now includes a chain of short electric lines from one town to another, connecting with the main line at junction points and caring for the business to be picked up in the country districts located between county seats and market towns. There would appear to be a steady source of revenue in that field.

The Illinois Sons of Vets.

The annual state encampment of the Sons of Veterans at Belvidere is drawing to a close. The election of officers was held yesterday with the following result: Commander, C. G. Marsh, Oak Park; Senior Vice Commander, P. A. Durant, Aurora; Junior Vice Commander, A. B. Garrett, Murphysboro; Division Council, J. V. Grimes, Springfield; J. R. Jordan, Peoria; Will Jenkins, Chicago; Delegate-at-Large, J. B. Cutter, Camp Point; Alternate, O. L. Davenport, Reynolds.

The Ladies' Aid society also held its annual election, choosing the following officers for the ensuing year: President, Miss Maggie Home; Vice President Miss Mary Williamson; Division Council Sisters Warner, George and Clute: Division Delegate, Mrs. C. T. Spackman. General Abbott, of Chicago, presented Mrs. C. T. Spackman with a gold badge in recognition of the service rendered the society by Mrs. Spackman, as president, for the year just ended.

The division drill prize was taken by J. L. Crane Camp, Springfield, which camp also captured many of the individual prizes. Had Decatur Camp been at Belvidere Springfield would have had no show

The Batcheldor Estate.

The will of the late Samuel E. Batcheldor, who died at his home in Illini township, was filed for probate in the county court to-day. The sole executor is John C. Batcheldor, son of the deceased, whose bond is $10,000, with James Millikin and O. B. Gorin as sureties. All of the personal property and the home place goes to the widow, Sarah M. Batcheldor; also $5000 life insurance. There are about 500 acres, and all of the land except what is given to the widow, is bequeathed to Angusta B. Eaton, Katherine M. Brown, Abby W. Batcheldor and John C. Batcheldor. John is given 22 head of fat cattle. The witnesses of the will, which was executed Jan. 30, 1893, were D. C. Corley, H. F. Ehrman and J. H. Durfee.

Wedded.

A very quiet and unpretentious wedding was solemnized at the residence of Wilford Hoke last Sunday morning, the contracting parties being C. M. Lane and Miss Nora L. Patterson, daughter of D. M. Patterson. The ceremony was performed by Dr. A. L. Kellar in his usual impressive manner, and after congratulations the happy couple attended services at the Christian church. They departed Monday for Decatur, where the groom has recently located and is engaged in the practice of law. Both these young people are well known here in Sullivan, where they have many friends whose best wishes will follow them to their new home.—*Sullivan News.*

An Arkansas Hog

The Argenta *Hustler*, in its notes on the Fourth of July celebration in that city, in apologizing for a failure to have the greased pig race, says:

We are sorry that some of the people expected the pleasure of chasing the greased pig. The fact of it is that the committee had an Arkansas hog imported some weeks ago, which they were giving daily exercise. His hogship became too gay and in the words of the cowboy, "cavorted the ranch," about two weeks ago. Since that time there has been nothing said about the hog publicly, but a vain search was made up to July 1, when a telegram stated that said hog passed through Texarkana that day.

THERE is no let-up in the demand for Edna gold mining shares. They are still going at 10 cents a share in blocks of 100 or more; but in a short time the price will be advanced to 15 cents. When the 10-cent supply is exhausted and there are but a few thousand left, 500 shares will be placed on sale at 15 cents. Those interested should engage shares at once of the Decatur agent for the Edna.

IN Justice Peddecord's court to-day the civil case of Henry McDermott vs. George Tuttle and Elmer Barr, to recover $25 spent in a carouse money alleged to belong to the plaintiff, was heard by the court. Edwards Clarke appeared for the plaintiff and James M. Lee for the defendant. The court gave his decision in favor of the defendants.

ANOTHER LYNCHING.

It May Occur Near Peoria—State News in Brief.

East Peoira, a hamlet in Tazewell county about two miles from Peoria, was the scene at 3 o'clock yesterday afternoon of a heinous crime. Miss Smith, 16 years of age, daughter of Jacob Smith, operator of the coal bank at that place, was on her way to the town, following the beaten path through the woods. When in a lonely spot she was grabbed by two negroes, who bound and gagged her and then assaulted her. The cords which bound her were set on fire, terribly burning her arms and wrists. The negroes escaped, but the town was quickly aroused and armed posses have since been scouring the timber. One of the miscreants has been captured, and so bitter is the feeling against him that he may be lynched. There is the most intense excitement.

The chief event in society circles at Springfield yesterday was the marriage of Miss Anne Ridgely Hay, daughter of ex-Mayor Charles E. Hay, to Mr. John David Lloyd, organist of St. Paul's pro-cathedral and a musician of note. The ceremony took place at 10:30 a. m. in St. Paul's pro-cathedral and was conducted by the Rev. F. W. Taylor, Bishop Seymour giving the apostolic benediction. The maid of honor was Miss Octavia Roberts, cousin of the bride, and the bridesmaids were Miss Carrie Merritt, daughter of Representative Merritt, and Miss Felicite Oglesby, daughter of ex-Gov. Oglesby. The best man was Mr. Henry Lloyd, of Lenoxville, Que., brother of the groom, and the groomsmen were Messrs. Arthur and Edward Hay, brothers of the bride.

Baron Francis Theodore Van Hallebren, minister from Germany to the United States, arrived at Lincoln yesterday from Chicago and is the guest of Mrs. John Damaren, an old friend of the Baron's when he was a student at Heidelburg. He will return on Saturday to Chicago.

A bald eagle of immense size was killed yesterday in the Illinois bottom, west of Hillsboro. It had caught a small pig, the squealing of which resulted in the capture of the bird.

On Trial.

Justice Shorb is to-day hearing the evidence in the case of The People vs. Alice and Harriet Cooper, residents of Riverside Place, who are charged by Samuel McWithey with having threatened to kill a colt and burn a barn. All of the people residing near the homes of McWithey and the Misses Cooper, together with a number of children, are drawn into the case as witnesses, and the lawyers are hard at work with their coats and vests off; ditto the 'Squire. The temperature it hot enough, but the trial is hotter. A. H. Mills appears for the prosecution and O. C. Leforgee for the defendants.

PERSONAL MENTION.

Mel Musser, of Peoria, is in the city.

Mrs. Louis Wolf has gone to Quincy to visit relatives for several weeks.

Miss Carolyne Griswold is entertaining her friend, Miss Anderson, of Detroit.

Mrs. Adam Seaforth, who has been very sick, is now almost entirely recovered.

States Attorney Mills was at the Bloomington races yesterday. He came home to-day.

Mrs. J. F. Curry and Mrs. Frank Stevens are at Urbana visiting John M. Lewis and family.

Capt. W. F. Colladay, who has been very sick for sometime past, was able to be up town to-day.

Mr. and Mrs. C. L. Hovey and children returned to-day from a visit with relatives in Bloomington.

Mrs. John W. Graham, of Louisville, Ky., is in the city visiting her parents, Mr. and Mrs. M. Einstein.

A. T. Risley and wife will leave for Lake Superior on July 15, to be absent until the latter part of August.

Mrs. D. A. Barrackman and children left yesterday for Worthington, Ind., to visit relatives for a month or longer.

Miss Minnie Crane, stenographer at Linn & Scruggs' store, is now enjoying a vacation. She left this morning for Rushville, Ill., to visit her friend, Miss Louise Warden, and will be absent about a week.

Dalton City Notes.

We learn that a racket took place last Sunday at New Hope church. During the Sunday school session the superintendent had occasion to reprove a man present for being disorderly, and the latter resented it. The fight which followed did not last long, but both men were considerably punished.

Quite a serious accident happened here on the Fourth. Ed. Bushart, son of John Bushart, jr., left his sister to hold his horse while he entered a store. While he was gone the horse took fright and ran away, upsetting the buggy after colliding with a spring wagon. The young lady was thrown out but escaped serious injury. The buggy and harness were demolished, and the spring wagon badly damaged.

That Church Row.

It is learned to-day that the racket in the Antioch Baptist church on Spring Avenue the other night, which was of such a noisy character as to awaken the people of the neighborhood, was caused by a heated talk about the absent pastor, Rev. G. L. Moore. The motion to declare the pulpit vacant brought on the row and intense excitement prevailed throughout the discussion. Finally the meeting adjourned without any definite action having been taken. It is expected that Rev. Moore will return to the city in a few days.

TORN BY TORNADOES.

A Large Portion of Iowa Visited by Destructive Storms

AND MANY LIVE REPORTED TO BE LOST

Buildings Destroyed, Animals Killed and Fertile Fields Devastated—Meager Reports which Indicate Much Worse to Follow.

Widespread Devastation.

STORM CITY, Ia., July 7.—A cyclone, accompanied by a heavy rain and hail, passed over Cherokee, Buena Vista, Ida, Sac and Pocahontas counties, east of here, late last evening. Wires are down and little can be learned. The cyclone passed just west of Quimby in Cherokee county and did much damage to property. Many building were wrecked. Mrs. Allen Warburton, of Quimby, was killed. Near Cherokee, a Mrs. Mollyneaux was also killed but no damage was done in the town.

The storm swept across the country nearly eastward destroying crops and demolishing the buildings in its path. It is rumored several people were killed. Many horses and cattle were killed.

Trains on the Illinois Central suffered severely, all the glass on the north side of the cars being broken. Hail stones ten inches in circumference were picked up. The hail storm covered an unusually wide area.

Pomeroy Devastated.

DES MOINES, Ia., July 6.—It is reported here to-night from Jolly, eight miles distant, that a cyclone struck Pomeroy early in the day and swept away half of the buildings in the town and injured a large number of people. Information is very meager as no communication can be reached with Pomeroy or other near towns. It is believed Tonka and Manson also suffered from the storm.

Pomeroy is a town of 1,000 inhabitants, located on the Illinois Central railroad, in Pocahontas county, and about twenty-five miles west of Fort Dodge. A message states that a special train carrying physicians has been sent from Fort Dodge to Pomeroy. The storm came from the northwest and devastated a large territory.

Later.

The operator at Tara, Ia., telegraphs that 150 are dead at Pomeroy and 200 are injured. Not a building is left standing in the town

Sixteen Persons Killed and Many Injured.

CHEROKEE, Ia., July 7.—Reports have reached here to the effect that a terrible cyclone passed through the southeastern part of this county last evening. The cyclone's course was eastward, and cut a path from one to three miles in width and about twelve miles long in Cherokee county. All crops in its path are completely ruined, and a large amount of stock and farm animals were killed. It is also reported that sixteen persons were killed and many others injured. Definite details, however, are unobtainable at this hour.

Fifty to One Hundred Persons Reported Dead.

MANSON, Ia., July 7.—Pomeroy is five miles east of here. Most of the town lies south of the Illinois Central tracks, and this part is entirely destroyed.

Among the dead are: The wife of W. E. Davis, station agent; a sister of Mrs. Davis, and Dr. White.

Between fifty and 100 more are reported dead or fatally injured. Among the seriously injured is L. W. Moody, one of the most prominent citizens of the town.

A Number of Persons Killed.

ALTA, Ia., July 7.—A terrific tornado accompanied by thunder and hail struck four miles south of this place at about 6:30 o'clock last evening. A number of persons were killed. Reports indicate that the storm extended from near Aurelia to Newell. But meager reports are as yet at hand.

THE LEPERS MUST GO,

And Their Lawlessness Will Only Hasten the Time of Their Departure.

SAN FRANCISCO, July 7.—Advices from Honolulu say that while attempting to remove twenty-eight lepers from Kalalua valley, Kauai, Sheriff Stoltz, acting under orders from the board of health, was shot and killed by the lepers. His body was brought to Honolulu. The board of health determined to remove the lepers to the settlement of Molokai for fear they would spread the disease beyond the limits of the valley. Stoltz was accompanied by only two policemen. Two native policemen were not attacked. The lepers have sworn vengeance against only white men who goes to remove them. The board has determined now to remove all the lepers at all hazards and will land officers on the beach by steamer, and by guarding the one trail leading into the valley, will force the lepers to surrender or will shoot them down from the cliffs which hem the valley in.

The Treaty Between China and Brazil.

WASHINGTON, July 7.—Nothing is known in this city about the details of the immigration arrangement between Brazil and China the conclusion of which has just been announced in advices from China. China has no consul nor diplomatic agent in Brazil, and the supervision of the arrangements will, it is believed at the Chinese legation, devolve upon the minister to the United States, Mr. Yang Ju. He was expected to sail from Shang-Hai this week and will arrive in Washington in about a month. Mr. Yang Ju will probably bring the first full particulars of the document.

Quiet in Paris.

PARIS, July 7.—Premier Dupuy informed the cabinet council last night that the street disturbances had been suppressed and probably would not be repeated.

LOGAN LETTER.

CHICAGO, Ill., July 7 1893.

We have had an active heat market to-day. The tone of the trade is in favor of a rise in advance. The crop reports warrant this. The export and milling demand from this point is light for the near future. We do not see anything in the market beyond a cent or two. At the low prices we believe it safe for this or a sharp decline of a cent from present prices.

Corn is strong. The shipping demand is good, and receipts light. We look for light receipts.

Oats steady.

Provisions opened strong all advanced on strength in grain.
